

THE  
**PARTNERSHIP**  
@drugfreeNH

**INFORMATION • ACTION • CONNECTION**

## The Partnership offers:

Accurate and up-to-date

### **INFORMATION**

about alcohol, tobacco and other substances to inform your decisions and the conversations you have with others.

---

Every day

### **ACTIONS**

you can take in your home, school, community or worksite to prevent substance misuse and promote wellness.

---

### **CONNECTION**

to substance misuse prevention professionals, activities and resources.

Whether you are a parent, health care provider, substance misuse prevention professional or a member of the public, **The Partnership @drugfreeNH** has resources to support your efforts to prevent substance misuse and promote wellness in your family, community, school or worksite.

**DISCOVER** engaging evidence-based resources to prevent an overdose emergency.

**FIND** facts about drugs, alcohol and tobacco and guidance on how to start important conversations with the youth in your life about substance use.

**LISTEN** to local NH experts promote resilience and wellbeing in the podcast *The Power of Prevention*. Learn how they are helping young people and others avoid problematic substance use.

**WATCH** videos that raise awareness about prevention and show you ways to get involved.

**LEARN** how to support the young people in your life and listen to their ideas about substance use prevention.

**CONNECT** with a community of prevention-minded people on the latest trends and topics through our virtual and in-person meetings, trainings, and workshops.

**BROWSE** the Partnership's website [drugfreenh.org](https://drugfreenh.org) to find: events, materials, media campaigns, networking opportunities and new resources specifically tailored for New Hampshire.

**JOIN** The Partnership @drugfreeNH to collaborate, communicate and coordinate with people who are taking the lead to prevent the misuse of substances and promote wellness in New Hampshire.
