

KNOW BEFORE THEY GO

Checking in with your child to know who they will be with, what they will be doing, where they are going, when they will be back, can actually make them safer. You are the #1 influence on whether your child chooses to use marijuana, tobacco, alcohol or other drugs.

Your opinion is stronger than you think.

#STRONGERNH

THE PARTNERSHIP OFFERS:

Accurate and up-to-date INFORMATION

about alcohol,
tobacco and
other substances
to inform your
decisions and the
conversations you
have with others.
